Dear Sir or Madam,

The Central East Alberta Teachers' Convention Association will be holding their annual convention at the Terrace Inn (4440 Calgary Trail N.) in Edmonton on the 8th and 9th of March 1984.

The Display Committee would like to offer you the opportunity to contribute a display containing information or saleable products. There is a great deal of personal and professional interest in your field and we feel that your participation in our convention would enhance our display section.

Tables, chairs and security will be supplied for a nominal charge of \$85.00 per table for the entire convention. Additional lighting can be arranged for at a later date.

We feel that this venture would be advantageous to both our membership and your business interests so with this in mind, we have arranged for free coffee and juice to be available in the display area with an appropriate sign stating that the refreshments are provided by yourself, the other displayers and C.E.A.T.C.A. There will be no additional charge to you for this service.

We would appreciate your consideration and confirmation as soon as possible. We have enclosed a reply form for your convenience.

Yours truly,

RD/v1

Dear Sirs:

We recognize ~~that~~ teachers' conventions ^{are} appropriate audiences for our presentation, inasmuch as we are an educational/research organization in the social field.

However we are a non-profit entity (also non-political and non-sectarian) and we feel we should not be classified as a commercial venture and assessed as such.

Please advise the basis on which we ^{could} ~~might~~ participate in your convention. Our volunteer staff can man a booth and/or make a formal presentation (with slides) as part of your lecture program. We suggest our material would be found both interesting and timely to many of your attendees.

Some items of explanatory literature are attached.

Yours truly,

Dear Mr. Doody:

As arranged in our recent telephone conversation, I am sending you our cheque for \$40.00 for a table in the display section of your convention at Convention Inn South on 3rd & 4th March.

Our display will be mostly literature on Technocracy but we will also use, if possible, a Caramate projector with 35 mm slides. A handy plug-in for 120AC would be desirable.

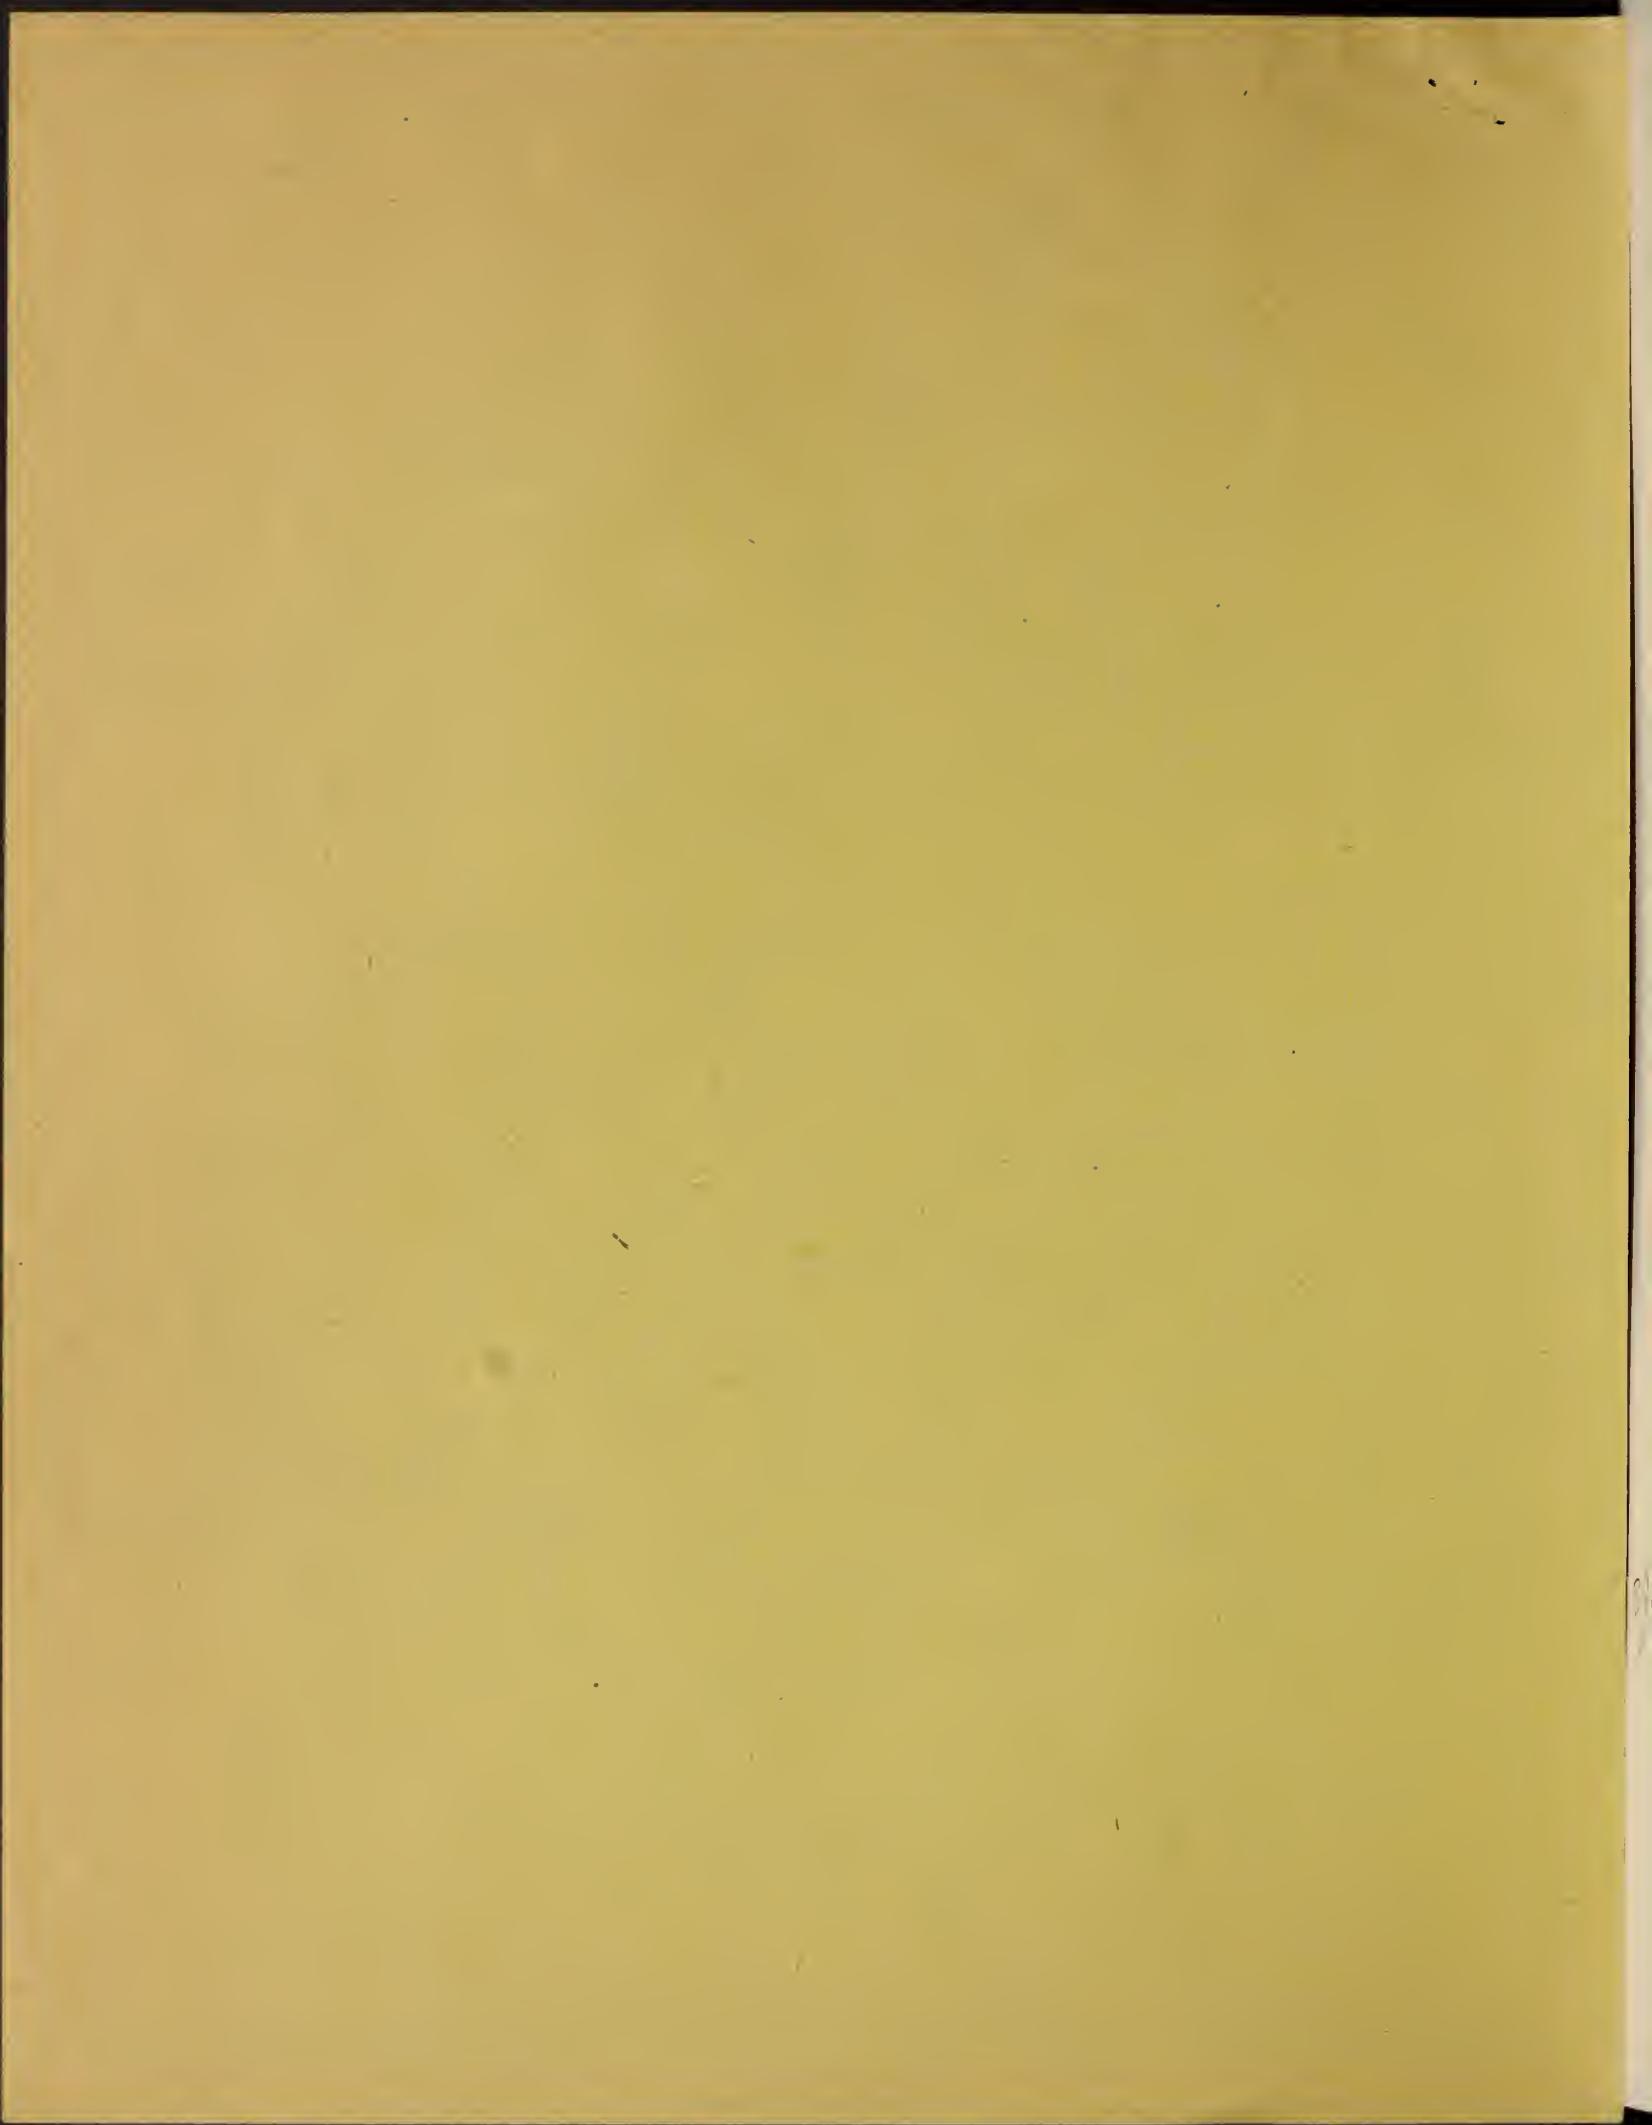

We plan to have at least two members on hand to answer queries and supply free and/or nominal cost literature.

We hope it is not too late for you to assign us a favorable location.

Yours truly,

Welt Fryers.

Dear Sir,

The Central East Alberta Teachers' Convention Association will be holding their annual convention at the Convention Inn South (4404 Calgary Trail) in Edmonton on the 3rd and 4th of March 1983.

The Display Committee would like to offer you the opportunity to contribute a display containing information or saleable products. There is a great deal of personal and professional interest in your field and we feel that your participation in our convention would enhance our display section.

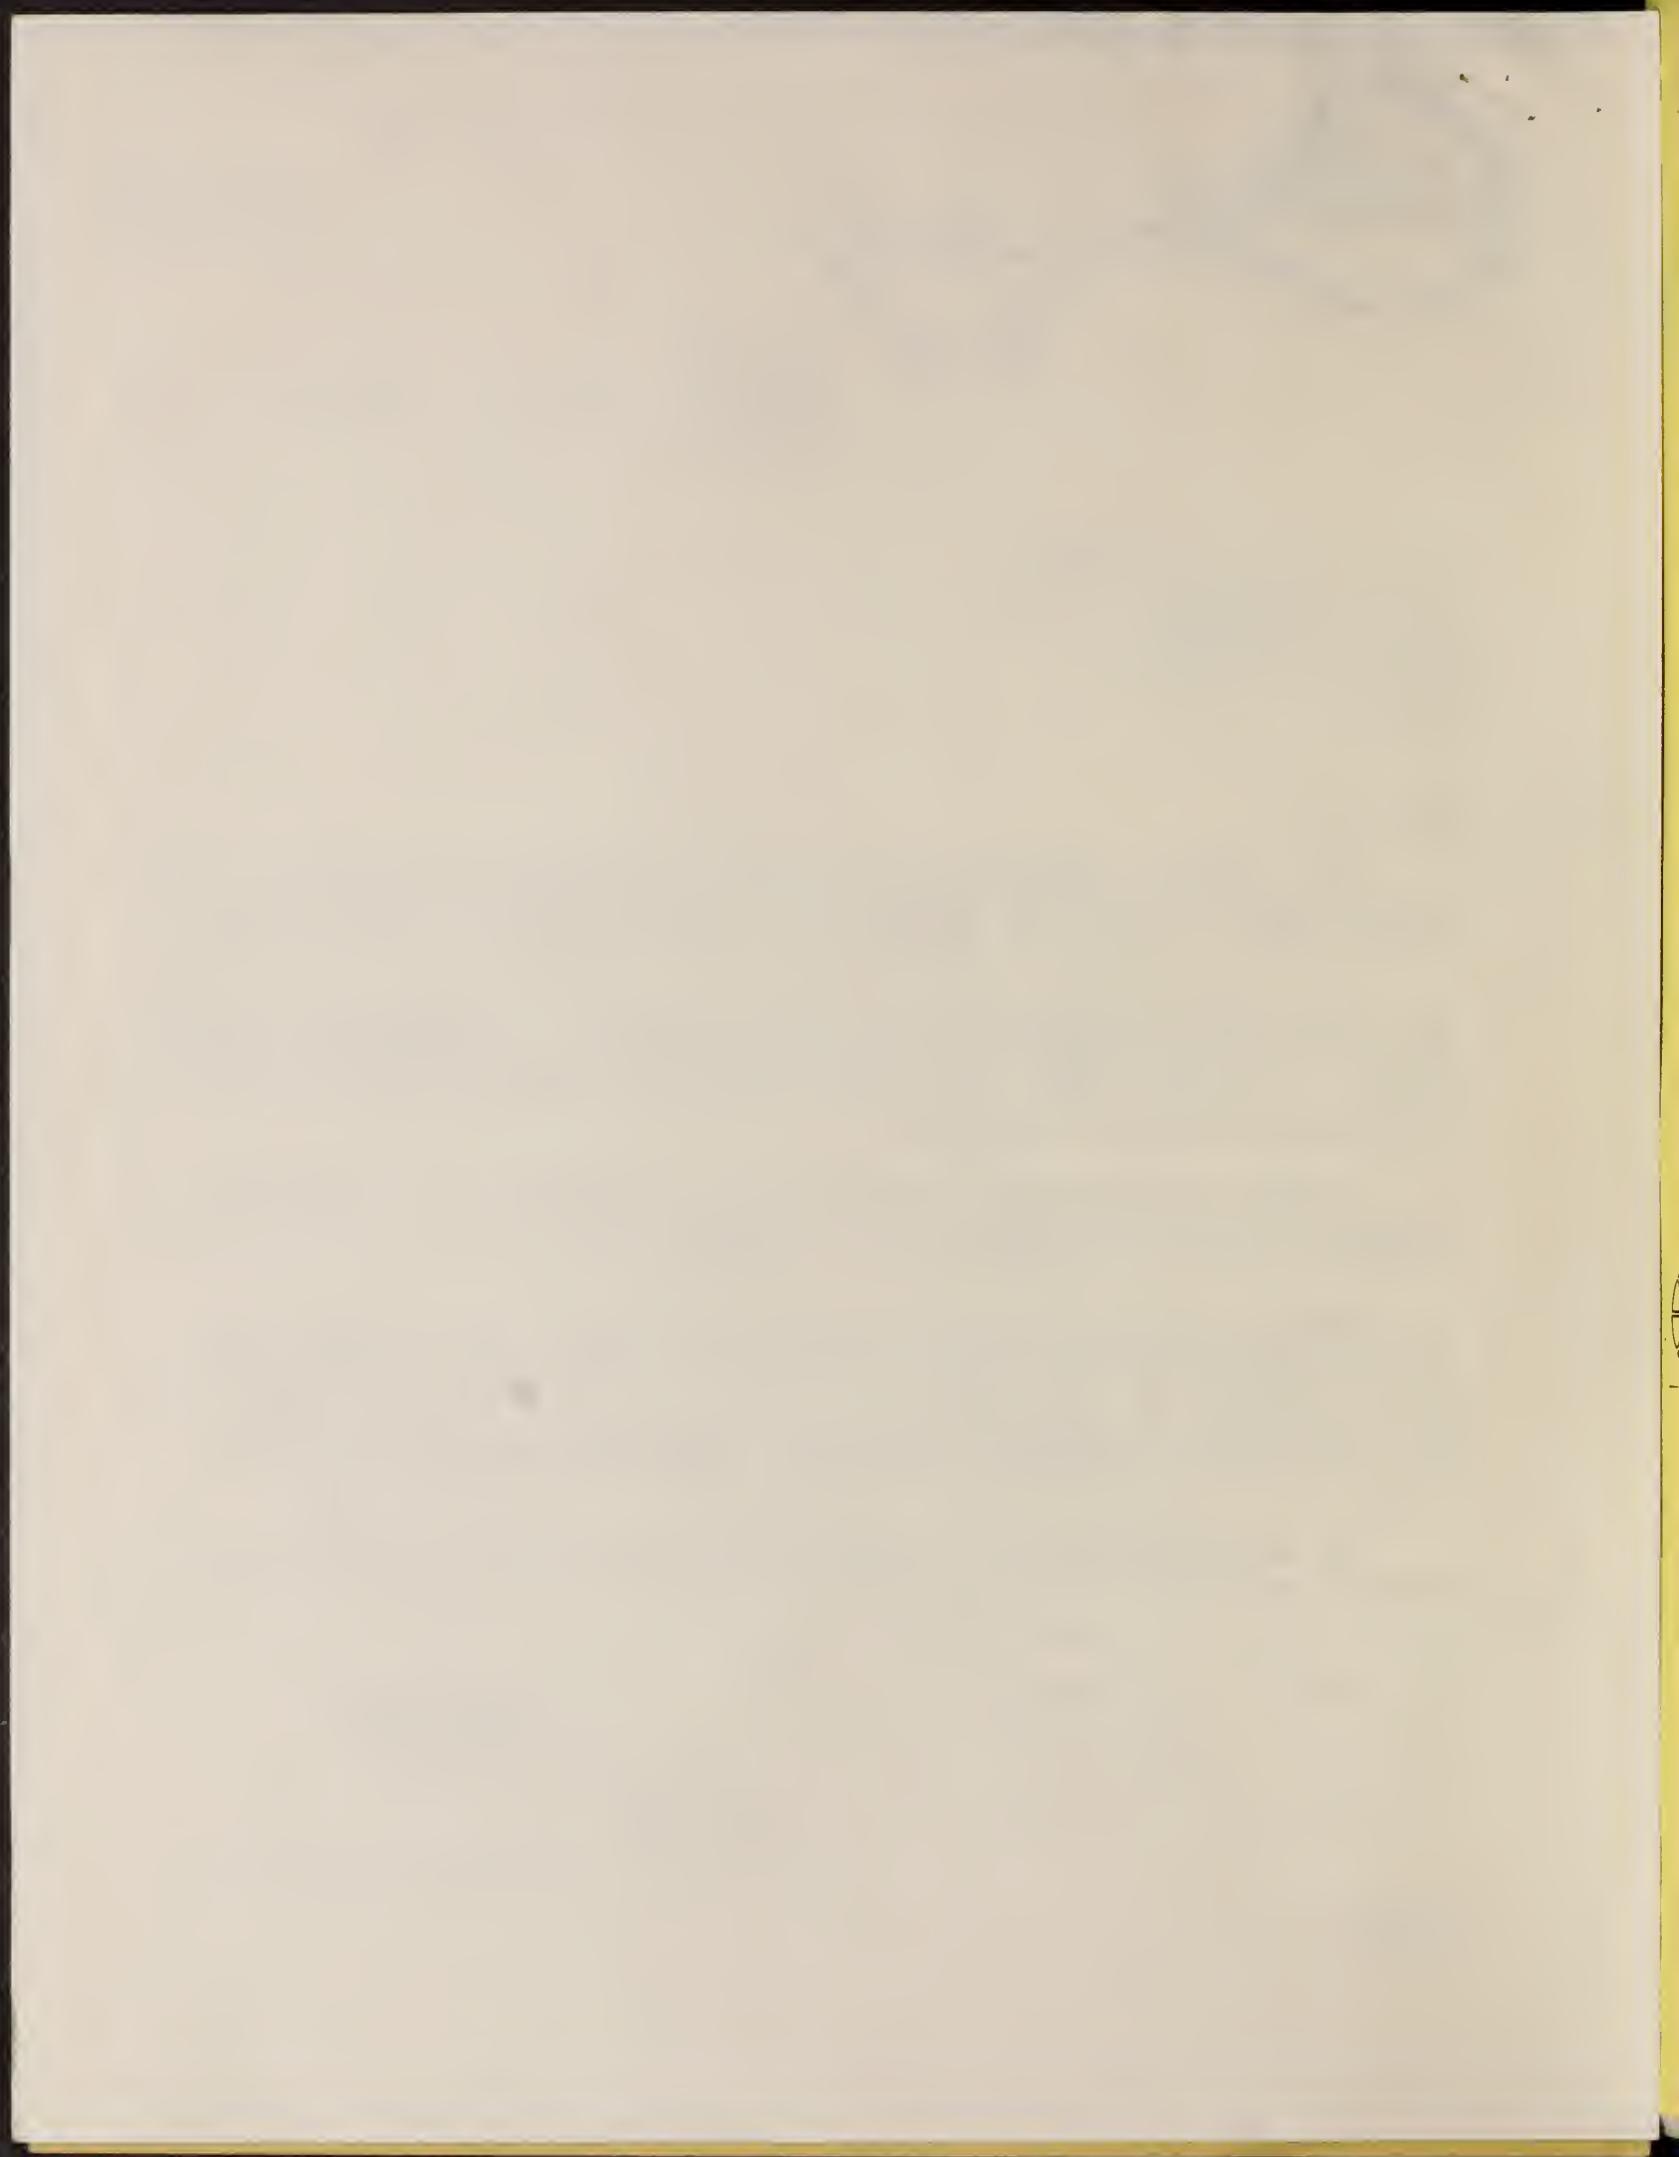

Tables, chairs and security will be supplied for a nominal charge of \$40.00 per table for the entire convention. Additional lighting can be arranged for at a later date.

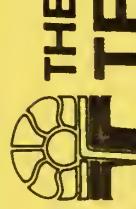

We feel that this venture would be advantageous to both our membership and your business interests so with this in mind, we have arranged for free coffee and juice to be available in the display area with an appropriate sign stating that the refreshments are provided by yourself, the other displayers and C.E.A.T.C.A. There will be no additional charge to you for this service.

We would appreciate your consideration and confirmation as soon as possible. We have enclosed a reply form for your convenience.

Dear Exhibitor:

Plans for the 1984 Greater Edmonton Teachers' Convention will be bigger and better as the Edmonton Convention Centre will be in full operation. But for the 1983 convention, display space has been drastically reduced from the over 120 booths in 1982 to approximately 80. As a result, it is very important that your company or organization return the enclosed application form along with a cheque for the full amount of the booth rental as soon as possible if you are to be guaranteed a display booth for the 1983 GETCA Convention.

Briefly, here are some of the factual hi-lites concerning the 1982 Greater Edmonton Teachers' Convention.

Date of Convention: Wednesday, February 23 - One Evening Session followed by a no host social hour.

Thursday, February 24 - Convention Address and Breakfast 7:15 A.M., Convention Inn South

* DISPLAYS OPEN AT 8:15 A.M. AND IN OPERATION UNTIL 4:30 P.M. AT THE TERRACE INN.

* Program Sessions begin 9 A.M. and continue until 4 P.M. (approximately).

Security service provided by the Convention Association in the Terrace Inn Displayland from Thursday, February 24, 4:30 P.M. until 8:30 A.M., Friday, February 25.

The exposure of your products/services can be fully maximized by reserving a display booth at the earliest possible opportunity.

It is important that we hear from you as early as possible in order that your company's name be included in our convention promotion literature. Should your firm be in a position to donate merchandise for a free draw, publicity relating to the nature of the merchandise and draw details will also be advertised to our teachers.

Upon receipt of your application, fee, and signed "Disclaimer of Liability" form, a display booth (s) will be assigned to you. Booths will not be assigned unless your application is accompanied by a cheque for the full amount, i.e. \$120.00 for one booth, \$240.00 for two booths, etc. Booths are assigned on a "first come, first served" basis.

I thank you in advance for your kind and prompt attention in the above matter, and hope to meet you at our 1983 Convention.

Dear Dan,

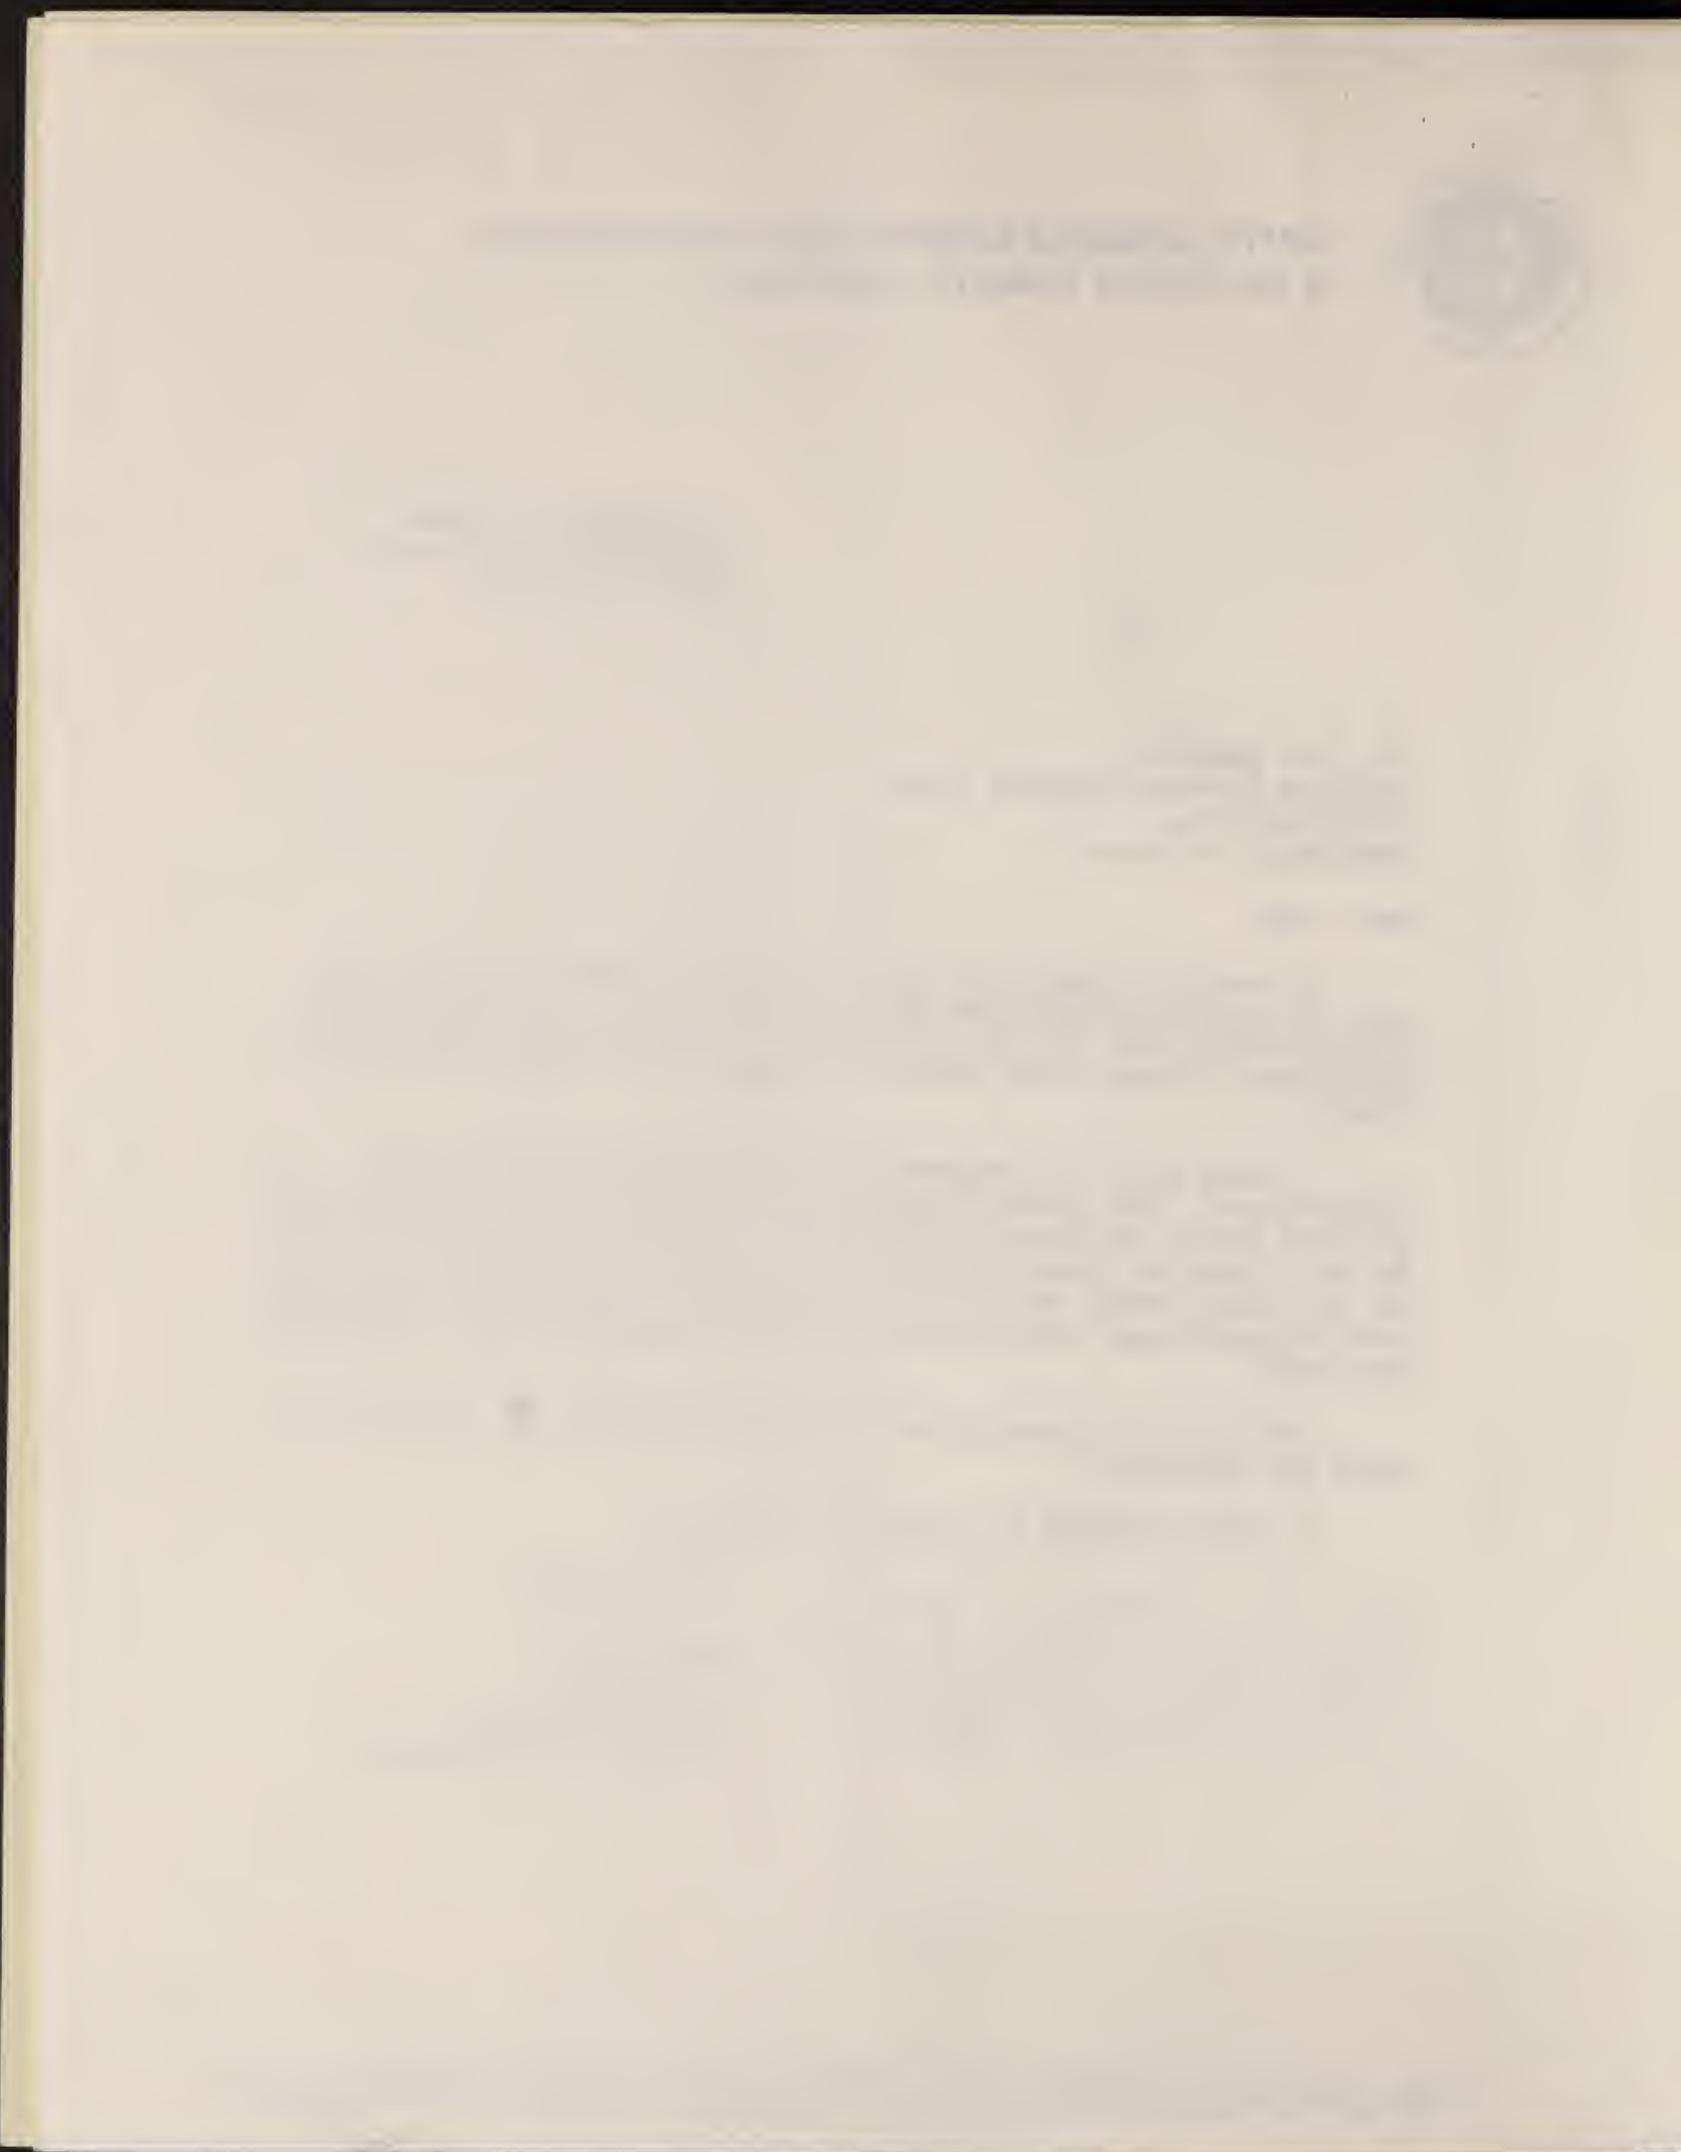

I want to thank you again for the wonderful job that you did in the provision of audio-visual services for our 1982 Convention. It was certainly the best that we have had since I have been directly involved in convention planning.

I also want to request your services for our 1983 Convention. The Convention will again be held in the Westin and the Hotel Macdonald. The dates are February 10 and 11. We will use the same system of audio-visual request forms as we did last year, and follow the same procedures unless you have suggestions which you think will improve the planning process.

Could you please give me a confirmation in writing as soon as possible?

I look forward to hearing from you.

Dear Sir:

Thank you for expressing interest in our A.T.A. convention. From the comments given to me regarding your service, Technocracy Incorporated, we do not believe you would be appropriately placed in our commercial displayers area, unless you offer the sale of products to educators.

Your service seems more like something appropriate to a session, rather than a display.

As you may already know, our sessions for this convention have been finalized now for some time. If in the future you wish to contact us with more details, well before a convention, please feel free to get in touch.

Yours truly,

The booths in the Hotel MacDonald will be ready for you after 4:30 P.M. on Wednesday, February 24, 1982. I, or my representative, will be on location to assist you in locating your booth(s). The booths at the Westin (formerly the Edmonton Plaza) will be ready at 6 A.M., Thursday, February 25, 1982.

Security service has been arranged for the time period beginning 4:00 P.M. Thursday, February 25 until 8:30 A.M. Friday, February 26. Convention booklets are available and will be distributed to all participating exhibitors.

Dear

We learn from an Alberta Teachers' Association schedule that the schools of your area will be holding their annual teachers' convention on

Education for today and tomorrow is our 'raison d'etre', as it must be for you. In particular this organization is concerned with the effects of science and technology on our social structure here in North America, where high technology and unprecedented levels of energy conversion/consumption are leading us into new territory socially.

This being a non-profit organization of limited resources, we cannot sustain the expense of a commercial type of display. At this time we are limited to the offer of providing and manning a display with some audio-visual support and free literature distribution; and/or(better still) providing a speaker with an overhead slide presentation.

Our input has been welcomed at teachers' convocations in other parts of the continent. This letter is intended to bring this subject to your attention in the event that you can include us in some form in your program or display arrangements.

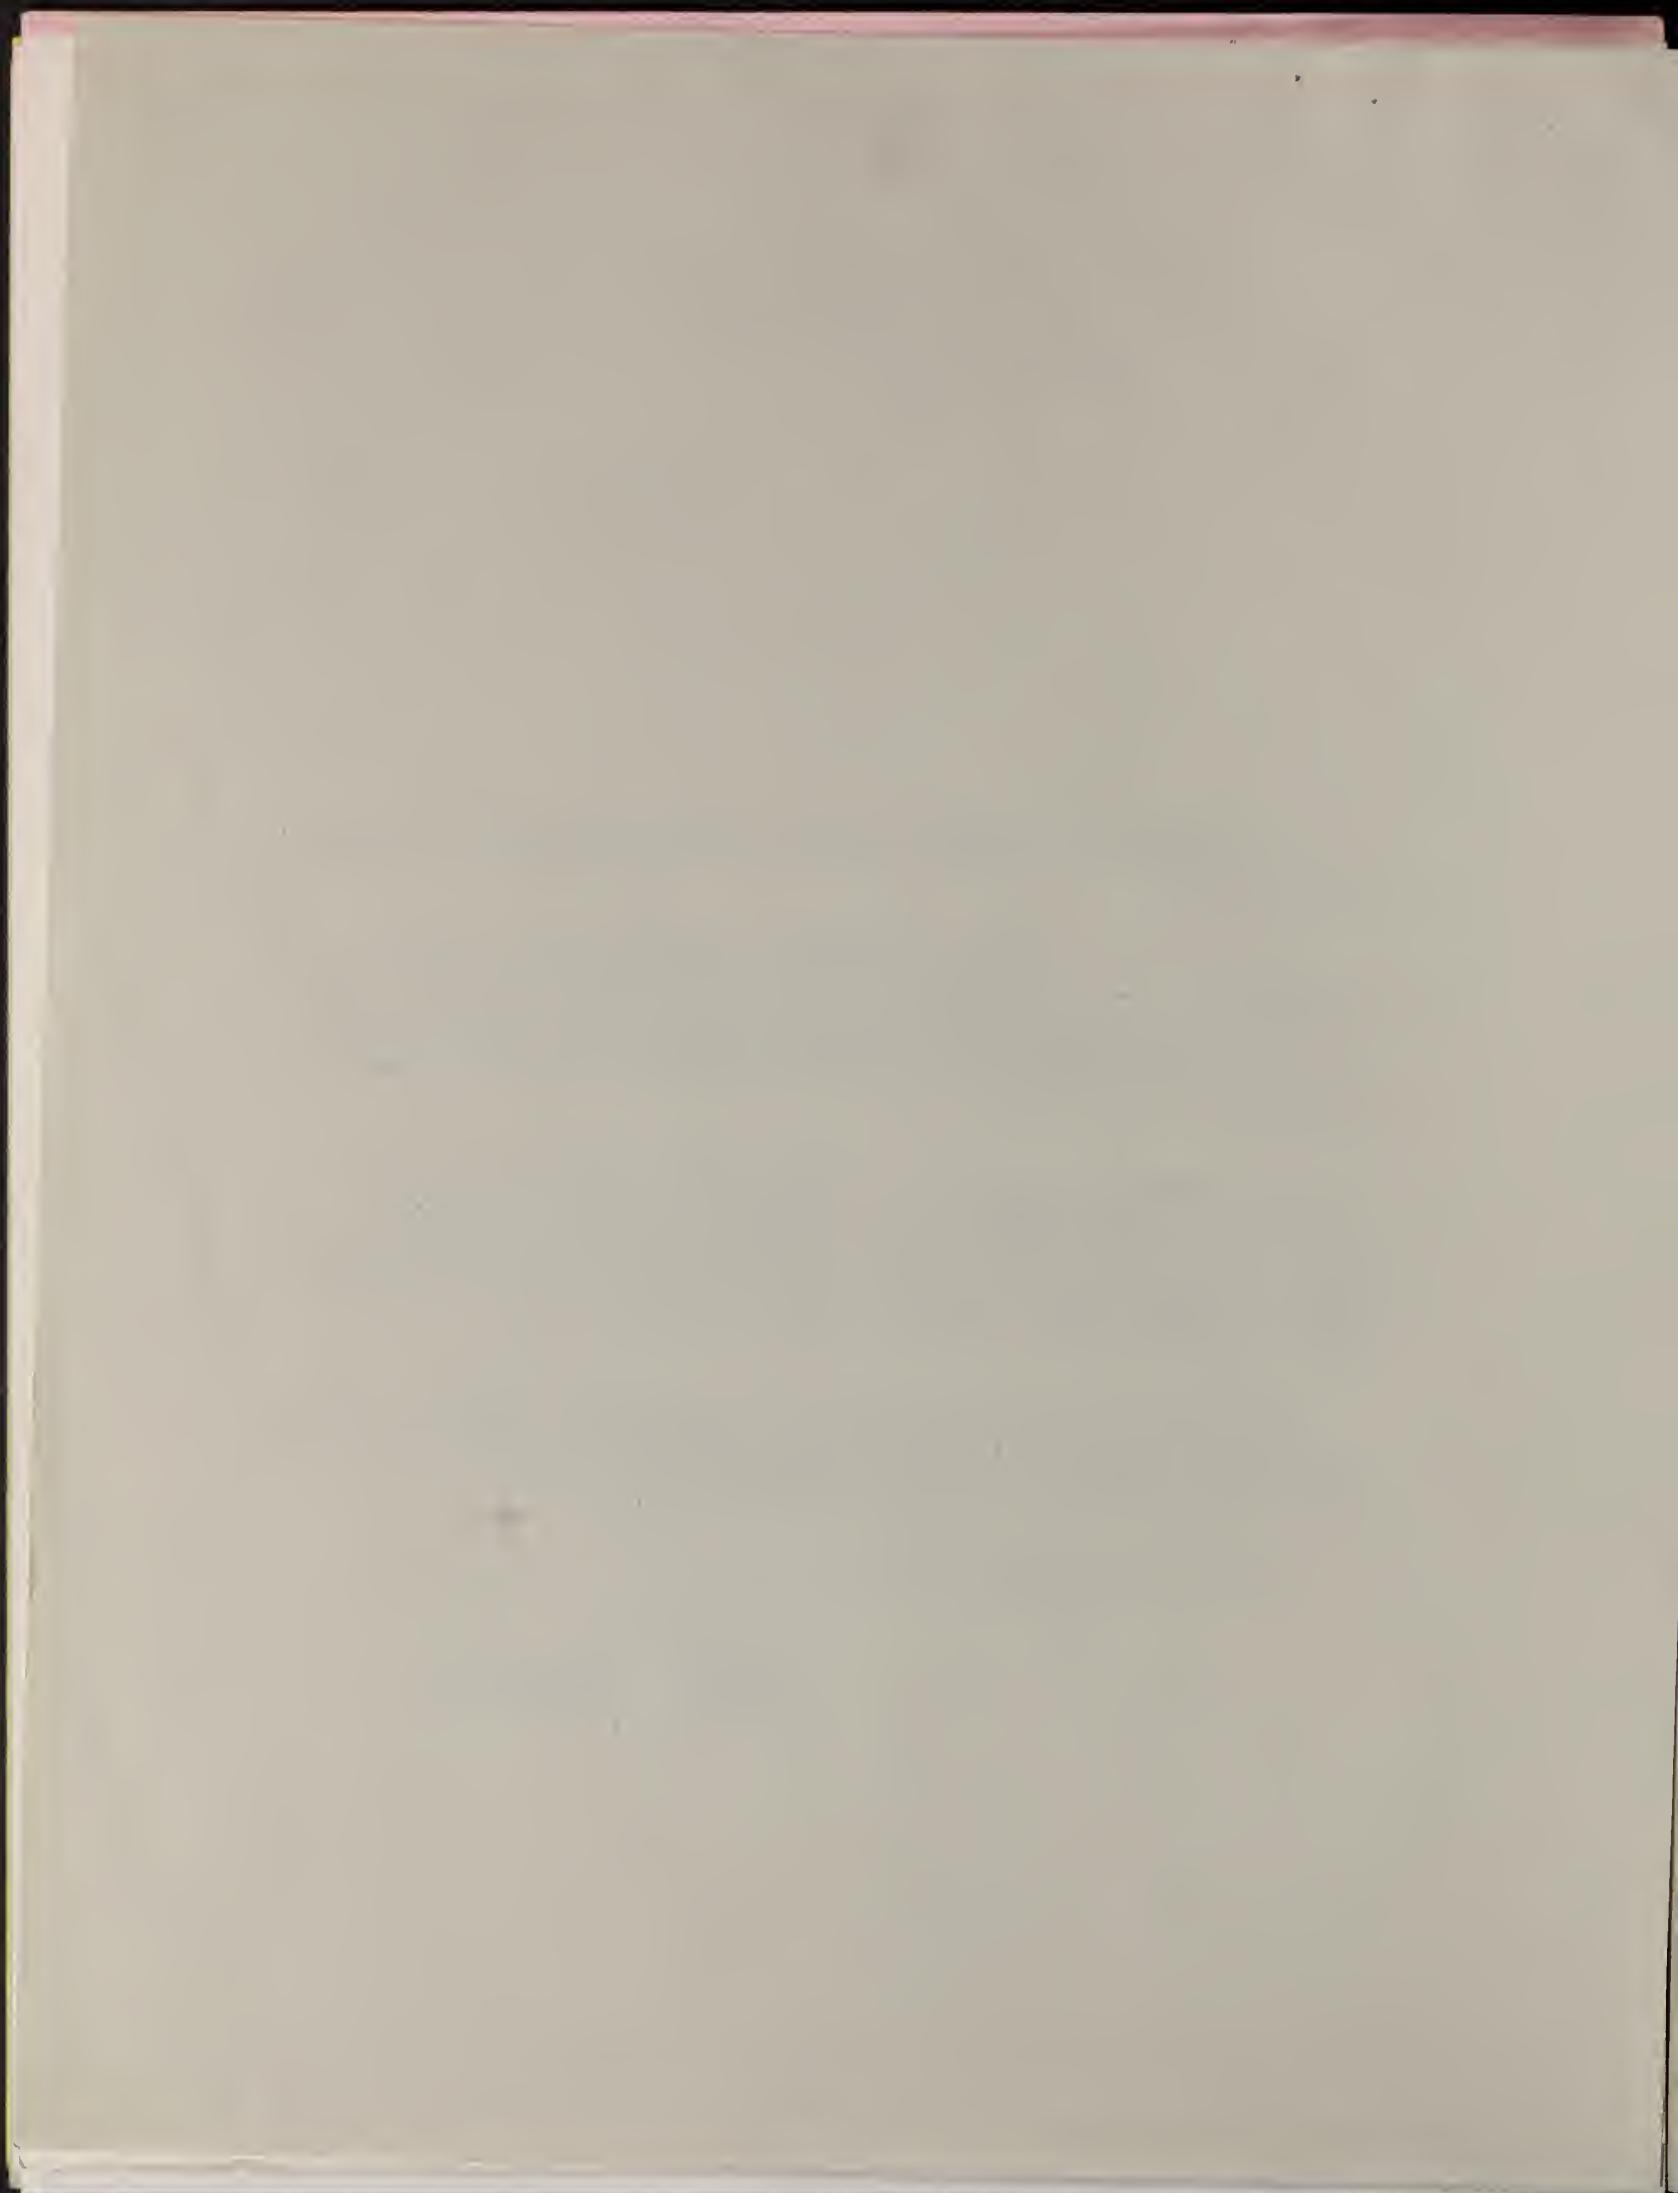

Explanatory leaflets are enclosed.

GREATER EDMONTON TEACHERS
CONVENTION ASSOCIATION

Ms. Bonnie Gebhardt,
Secretary Unit A, R.D. 11451,
Technocracy Inc.,
8 - 308 Cedar Crescent,
Calgary, Alta. T3C 2V8

Greetings Bonnie and Members:

1. Some three years ago we contacted the Alberta Teachers Association for their convention schedule with the idea of trying to get a booth to display our material to a particularly appropriate sector of the public. It was too late that year to take any action.
2. This year we started in December. A copy of the schedule of conventions is attached. There are 11 of them: one on 12/13 Feb.; 3 on 19/20 Feb.; 3 on 26/27 Feb.; and 4 on 5/6 Mar. Four of these will be held in Edmonton, - one each on the dates noted. The cost of a full commercial display is pretty stiff - above \$100 in most cases, for the two days. However, comparing it with other forms of advertising, it does not seem so bad considering it is a person-to-person contact with interested teachers.
3. We have decided to make it an experiment this year, and so plan to cover just one convention: the Greater Edmonton Convention on Feb. 26/27. They have quoted us a special rate for non-commercial displays - \$105 for the two days, in the Plaza Hotel. The booth will have two tables, and will allow for projection of slides, etc. The price includes overnight security.
4. We did not get responses from all 11 convention organizations. However we did get one for Calgary City on Feb. 19/20. A copy is enclosed. I dont know if they have a non-commercial rate or not. I dont know if you are interested or able to attempt such a project, or even if it is worthwhile. In any case it may be too late for action. If so, consider this letter as for INFORMATION only.

Walt Fryers,

Dear Sir:

This organization would be interested in arranging an opportunity to set up a display, at your 1981 convention, of published material on Technocracy's program of social reconstruction for North America.

Recent trends indicating a progressive breakdown of the Price System of operating our economy are causing widespread concern, and so make Technocracy's analysis and projections very timely.

I have the schedule of Alberta's Teachers' Conventions for February and March 1981 to hand. I would also like to know where your convention will take place; what facilities for display are provided; and the availability and cost of such accommodation.

Thank you for this information.

Yours truly,

Dear Sir(s):

For many years now (since 1933) Technocracy Inc. has been making a unique contribution to our understanding of the scientific/technological age in which we live, and where we are headed as a society.

Indeed, Technocracy has outlined the only science-based alternative available to us. In a world increasingly concerned about energy and survival, Technocracy projects an economy of abundance, with extraneous (non-human) energy as the central measure and control.

A high-energy high-technology society such as ours is committed to a uni-directional and irreversible evolution. The end product of this evolution will be an economy of abundance and a new age of freedom and culture for the individual. America leads the way in this unique and unprecedented progression.

The alternative is violent regression and collapse - a catastrophe. An agrarian society could survive. Ours cannot.

With money and values failing as the measure and the control of social operations, it is important, at this juncture, that many more people hear of Technocracy's analysis and projection of future social organization.

Technocracy is a non-political, non-sectarian, non-profit organization. It is designed to carry out educational and research programs that will ensure the presentation of this body of thought to North Americans.

You can help. Speakers and literature are available on request. Media material can be supplied. May we hear from you?

Yours sincerely,

Walt Fyers
